JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

within 24 hours of the discovery of such disease, and to thoroughly isolate any cow or cows so diseased, or which may be reasonably believed to be so diseased or infected, and to exercise such other precautions as may be directed by the said county health officer.

(15) Milkers or those engaged in the handling of milk or cream and other dairy products shall maintain strict cleanliness of their hands and persons while milking or handling such milk or milk products. It shall be the duty of every person, firm, or corporation holding a permit to maintain a dairy or dairy farm, or to sell milk or cream or milk products, to enforce this regulation in reference to such persons as may assist them in the work or maintenance thereof.

SEC. 116. *Penalty for violations of the foregoing rules governing the maintenance of dairies and dairy farms.*—Any person, firm, or corporation failing to comply with or violating any of the foregoing rules and regulations, numbered from 1 to 15, inclusive, and contained in section 115 of these regulations, shall be subject to a penalty of \$20 for each and every such offense, and where the condition or neglect provided against shall continue from day to day, each such day shall be considered a separate offense, and the board of health shall revoke the license of any person, firm, or corporation who shall, after due notice, continue in such violation or such neglect.

Stables—Location, Construction, and Maintenance. (Reg. Bd. of H., Sept. 8, 1914.)

SEC. 36. *Stables for horses and mules, location.*—No building or other structure used for the stabling of horses or mules, singly or otherwise, shall be maintained or used within the corporate limits of the city of Wilmington unless the same be 30 feet or more from any dwelling or part thereof or from any building or store in which food for human consumption is stored or kept for sale.

SEC. 37. *Stables for horses and mules, construction of, cleaning.*—It shall be unlawful for any person, firm, or corporation to have, keep, or maintain any stable used for a horse or horses, mule or mules, within the corporate limits of the city of Wilmington unless the same shall be provided with a water-tight, wood, brick, cement, or tamped clay floor, properly drained. Tamped clay floors herein provided for shall be underlaid with sufficient and adequate foundations throughout, and so tamped and rammed with a sufficient amount of clay that the surface thereof shall be impermeable to water and so drained that at no place on said surfaces shall water or other fluids stand or accumulate.

Every such stable shall be cleaned daily and shall be provided with a fly-proof bin substantially covered, which shall be kept tightly closed at all times save when being filled or emptied, in which all manure and litter shall be placed daily. Said bin to be emptied and contents removed from the city limits whenever necessary, or at least four times each month.

SEC. 38. *Stables, sanitation of, penalty.*—That all stables and premises herein provided for shall be kept clean and shall be disinfected and attended to in such manner and under such rules and regulations as may be prescribed by the board of health or the county health officer. Any person, firm, or corporation violating any provision of these regulations governing the keeping and stabling of domesticated animals shall be subject to a penalty of \$10 for each and every such offense, and each day the provisions of these regulations or any part of them are uncomplied with shall constitute a separate offense.

Rabies—Muzzling of Dogs. (Reg. Bd. of H., Sept. 8, 1914.)

SEC. 39. *Dogs, hydrophobia.*—Whenever in the opinion of the board of health there is reason to apprehend danger of the existence or spread of hydrophobia in the county of New Hanover, it shall be the duty of the board of health to issue a proclamation, to be published at least five times in the newspapers of the county, notifying the

public of any such danger or apprehended danger, and requiring all owners and keepers of dogs to muzzle such animals for a length of time which may, in the opinion of the board of health be necessary to avert the danger of hydrophobia and the spread thereof. Every dog, upon such publication and during the time prescribed, found running at large without a good and sufficient muzzle may be summarily destroyed.

Offensive Trades—Regulation of. (Reg. Ed. of H., Sept. 8, 1914.)

SEC. 43. *Businesses dangerous to health.*—No person, firm, or corporation shall erect or maintain within the limits of New Hanover County any manufactory or place of business deemed dangerous to life or detrimental to health, or where unwholesome, offensive, or deleterious odors, gas, smoke, deposits, or exhalations are generated, such as tanneries, refineries, manufactories of starch, glue, leather, chemicals, fertilizers, gas, or any other manufactory, the waste from which may pollute streams from which water supplies are taken without a permit from the board of health; and all such establishments wherever located shall be kept clean and wholesome at all times, so as not to be offensive or prejudicial to public health, and shall be subject at all times to inspection and regulation in the interest of public health.

Any permit granted under this section shall be subject to revocation by the board of health whenever any person, firm, or corporation operating such businesses as are above described shall refuse or neglect to abate any nuisance or remedy any condition dangerous to health when duly notified to do so by the board of health. In addition to the aforesaid revocation of permit, each violation of this section shall be subject to a penalty of \$50, and each day's continuance thereof shall constitute a separate and distinct offense.

Factories—Sanitary Regulation of. (Reg. Bd. of H., Sept. 8, 1914.)

SEC. 45. *Factories, shops, offices, etc., regulations governing.*—1. Every person, firm, or corporation owning or operating any factory or workshop, office building, mill, or loft or any other place, building, or structure within the county in which persons assemble for work shall be governed and shall strictly observe the following regulations pertaining to such places.

2. There shall be for each person employed in such factory, mill, or other place not less than 40 square feet of floor space and not less than 300 cubic feet of air space.

3. The ventilation of workrooms of every kind and description shall provide a supply of not less than 3,000 cubic feet of fresh outside air for each person in each hour that such workroom is so occupied.

4. Every such workroom shall be heated during the winter months, or at such other times as such heating may be necessary, to a temperature not less than 70° F., and this temperature shall be maintained while such workroom is occupied.

5. No building or part thereof used as a mill, factory, or workroom shall be so used when the floors or walls of such building or part thereof are continuously damp or when such building or part thereof is permeated by noxious gases or exhalations which may be detrimental to health.

6. No building or part thereof shall be used as a workroom unless properly lighted, so that all parts of such building or room so used shall be so illuminated during working hours, either by day or night, that those who work therein shall not be subjected to eyestrain at any time during said working hours.

7. Every building or part thereof that is occupied as a workroom shall be kept in a clean and wholesome condition at all times, and all refuse and waste therein shall be deposited and kept in suitable receptacles at all times, which shall be removed and emptied at least once every working day.
